Description: Located on Dallas Road near Lumberton in Robeson County North Carolina, this farm features a beautiful 12+/- acre deep water lake stocked with fish. There are approximately 35 acres of agricultural fields that are rented for annual income. One of the fields is well secluded and would make an excellent BioLogic food plot for deer and turkey. There is pine timber on the remaining acreage that can be thinned for future income. The lake is known to hold ducks in the winter, especially ring necks. A hunting cabin overlooking the lake would make this a complete recreational family getaway. With I-95 and I-74 only a couple of miles away, this farm is conveniently located a short drive from Laurinburg, Lumberton, and Fayetteville.
